Message from Shri P. C. Mohan

Hon'ble Member of Parliament

Dear Citizens,

For the past 15 years, I have had the honour of serving as your Member of Parliament since 2009. Your unwavering support and affection have been nothing short of a divine blessing to me. As your representative, I have dedicated myself to fulfilling your aspirations and upholding the trust you have placed in me.

I have tirelessly advocated for the improvement of Bengaluru's infrastructure, with a particular focus on implementing sustainable urban mobility policies to enhance our public transportation system. Among my significant achievements are spearheading the introduction of the Suburban Rail corridor to Bengaluru, accelerating the progress of the Namma Metro, overseeing the completion of crucial railway projects in our city's vicinity, and fervently championing smart city initiatives.

Our vision is clear: to propel Bengaluru to the forefront as the leader in investment, industry, and innovation, as well as in education, employment, and entrepreneurship. The strategic decisions made by the Modi government to enhance connectivity, improve quality of life, and facilitate business operations have laid a robust foundation for Bengaluru's ascent to becoming India's premier city.

The BJP government remains steadfast in its commitment to advancing next-generation urban infrastructure throughout Bengaluru, modernising our transportation networks, enhancing living standards, and fostering new opportunities for women and youth. Your dreams are my dreams, and your determination fuels mine. Together, united in purpose, we are unstoppable.

I humbly seek your support and blessings in our shared mission to elevate Bengaluru to the pinnacle of success as the nation's foremost city. I earnestly urge you to exercise your invaluable vote in support of me, as together, we strive towards the realisation of our collective vision for a brighter future. This appeal isn't just for Bengaluru's prosperity; it's for the prosperity of every family, especially our younger generations.

Together, let's make Bengaluru the number one city it deserves to be.

With warm regards,

P. C. Mohan
Member of Parliament, Bengaluru Central Constituency

Political Timeline

1993

Initiated my political journey by becoming a member of the BJP

1999

Elected to the Karnataka Legislative Assembly for the first time, representing the Chickpet Assembly Constituency in Bengaluru

2008

Contested from the Gandhi Nagar Assembly Constituency

2014

Successfully secured re-election to the Lok Sabha from the same constituency, achieving a noteworthy victory with 557,130 votes and a substantial margin of 137,500 votes

1996

Contested from the Chikkaballapur Parliamentary Constituency

2004

Served as the BJP state unit treasurer

2009

Emerged victorious in the 15th Lok Sabha elections from the Bengaluru Central Parliamentary Constituency, garnering a total of 340,162 votes

2019

Sustained a winning streak by securing re-election for the third consecutive term garnering 6 Lakh votes

Infrastructure projects
sanctioned worth

Rs. 1,30,000 Cr

1 Initiating Bengaluru's Transformative Suburban Rail Project (BSRP)

Played a pivotal role in bringing The Bengaluru Suburban Rail Project (BSRP) to fruition for the city by advocating for it in parliament, maintaining consistent follow-ups with the government.

The long-cherished dream of Bengaluru was realised when the Modi government sanctioned the suburban rail project in October 2020.

The Bengaluru Suburban Rail Project (BSRP) with an estimated cost of Rs.15,767 crores stands as a crucial initiative, promising to alleviate congestion and enhance travel efficiency in the city.

This rapid transit system will enhance mobility in Bengaluru's suburbs and satellite townships serving over 10 Lakh passengers every day.

2019 - Finance Minister Smt Nirmala Sitharaman announced an ₹15,767 crore BSRP corridor.

2022 - PM Modi laid the foundation stone for 4 corridors connecting 148 kms.

Bengaluru's 40-year dream to be realised in just 40 months.

Will serve over
10 Lakh
Passengers Everyday

Estimated cost of
Bengaluru Suburban
Rail Project **Rs.15,767 cr**

2 Revitalising Namma Metro

Kms of metro sanctioned between 2019 and 2024 - 73.92 kms

Namma Metro Extension (Metro 2A and 2B)

Despite the Union Government's approval of the Detailed Project Report (DPR) for Metro Phase-2A (Central Silk Board to Krishnarajapura) and Phase-2B (Krishnarajapura to Airport) in 2014, progress had been sluggish and the project nearly stalled. My intervention played a pivotal role in expediting the work citywide, ensuring its timely implementation.

Construction is currently underway with a budget of ₹ 14,788 crore for the 58 km Metro Phase 2A and 2B

Opening of Purple Line

Ensured the commencement of the Purple Line extension without an inauguration ceremony, following PM Shri Narendra Modi's directive to BMRCL to start services on the new stretches (Challaghatta to Kengeri and Baiyappanahalli to Whitefield) without delaying operations for a formal event with VIP presence.

Budget of

Rs.14,788

for the 58km Metro Phase 2A and 2B

P C Mohan (Modi Ka Parivar) - 12/10/23
Congratulations, Bengaluru, on Namma Metro's impressive 7,01,455 ridership yesterday, showcasing a commendable commitment towards sustainable urban mobility.

3 Embracing Electric Buses for Bengaluru's Transportation Needs

Meeting commuter demand with a fleet of around 6,500 buses stagnant for over a decade, PM Modi's FAME I and FAME II scheme has sanctioned 1500- e-buses for Bengaluru.

This aims to boost the fleet, ensuring safer, eco-friendly travel while reducing fuel dependency.

Fleet of around
6,500 buses

1,500 e-buses
sanctioned

4 South Western Railway's Progress Report

*New Trains, Stops and Infrastructure
in Bengaluru Central*

Over the course of the last few years, I have ensured
SWR's remarkable progress in enhancing service quality.
This encompasses:

Introduction of new
33 trains

Establishment of
20 new train
stoppages

Extension of services to
21 trains

Completion of six major infrastructure
projects at a cost of
Rs. 212.64 Cr

Provision of
64 amenities
across 10 railway stations, totaling
Rs. 365.207 Cr

See breakdown per station below

Station Name	Number of Works	Cost (in crore)
KSR Bengaluru Station	19	22.0511 Cr
Bengaluru Cantonment Station	5	2.74 Cr
Carmelaram Station	3	0.8277 Cr
KSR Bengaluru & Bengaluru Cantonment	2	0.44 Cr
Whitefield Station	11	21.9532 Cr
Banaswadi Station	7	0.769 Cr
Baiyappanahalli Station	8	0.948 Cr
Bengaluru East Station	4	0.228 Cr
Hoodi Station	3	1.25 Cr
Sir M Visvesvaraya Terminal (SMVT)	3	1.25 Cr

- Bengaluru's KR Pura and Whitefield Stations Under Development via Amrit Bharat Station Scheme.
- Cantonment Railway Station to be redeveloped into World-Class Structure, Costing ₹480 Crore, will house 1,000 cars and an equal number of two-wheelers, in its multi level basement parking facility.
- Connecting Bengaluru to key cities (Dharwad, Belagavi, Hubballi, Chennai (2 trains), Mysuru, Hyderabad, Coimbatore and Kalaburgi) via Vande Bharat Express and extending to Malda Town in West Bengal with Amrit Bharat.
- Rolling out Automatic Signalling System Across Bengaluru's Rail Network, with a dedicated budget of ₹874.12 crore

Rs. 314 Crconstruction cost for
Sir M Visvesvaraya Terminal**Rs. 480 Cr**construction cost for cantonment
station redevelopment**Rs. 874.12 Cr**budget for Automatic Signalling
System Across Bengaluru's
Rail Network**Baiyappanahalli Railway Station Expansion:**

Successfully obtained approval for expanding the Baiyappanahalli Station terminal. Played a pivotal role in ensuring that KSR station matches in facilities and capacity to handle traffic, especially considering the growth in the eastern part of Bengaluru.

Baiyappanahalli Railway Station has achieved the distinction of being India's First Centrally Air-Conditioned Station, now known as the Sir M Visvesvaraya Terminal. This state-of-the-art terminal, constructed at a cost of Rs.314 Cr, stands as a testament to our commitment to modernize.

P C Mohan (Modi Ka Parivar) 08/11/23
Bengaluru Cantonment Railway Station, a pivotal city hub, is swiftly undergoing a monumental ₹480-crore redevelopment. Hon'ble PM Shri @narendramodi Ji laid its foundation on June 20, 2022. This heralds a new era in rail travel, promising extraordinary experiences for all.

MP bats for travelator to link Cantonment rly, Metro stns

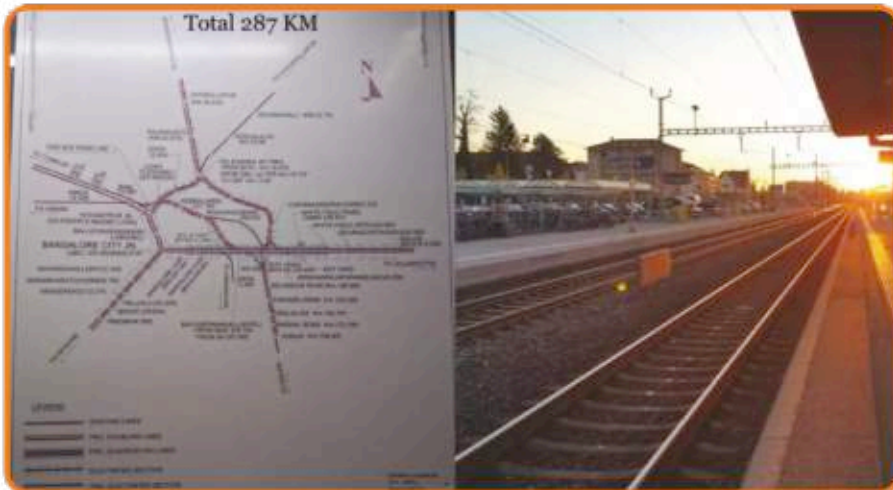

By N. S. Kumar
Bengaluru Cantonment Railway Station, a pivotal city hub, is swiftly undergoing a monumental ₹480-crore redevelopment. Hon'ble PM Shri @narendramodi Ji laid its foundation on June 20, 2022. This heralds a new era in rail travel, promising extraordinary experiences for all.

5 Exploring the feasibility of a circular Railway around Bengaluru:

Initiating a forward-looking initiative, we're conducting a thorough feasibility study for a 287 km circular railway around Bengaluru.

This ambitious project aims to achieve seamless connectivity within the city and its outskirts, demonstrating our dedication to envisioning and executing innovative solutions for efficient transportation infrastructure.

6 Satellite Town Ring Road (STRR)

The Satellite Town Ring Road (STRR) around Bengaluru, costing Rs 15,000 crore, features four to six lanes connecting 12 towns in Karnataka.

PM Modi inaugurated a new STRR stretch linking Tumakuru highway with Bengaluru-Kolar highway, diverting around 20,000 trucks and commercial vehicles from the tech capital, alleviating 30% of Bengaluru's transient congestion.

Cost of the satellite town ring road (STRR) around Bengaluru

Rs. 15,000 Cr

7 | Spearheading Road Transport for Bengaluru

1. Bengaluru-Mysuru National Highway

The 10-lane Bengaluru-Mysuru National Highway, stretching 118 km and constructed at a cost of ₹8,408 crore, has slashed travel time to under 90 minutes.

10 lane highway spanning **118 Km**

Developed with an investment of **Rs. 8,408 Cr**

2. Bengaluru-Chennai Expressway

Allocated ₹ 18,000 crore for a 258 km expressway connecting Bengaluru to Chennai, enabling high-speed travel at 120 km per hour.

The National Highways Authority of India (NHA) is currently in the process of finalizing a Detailed Project Report (DPR) for the construction of Bengaluru's longest flyover, spanning 15 kilometers along Old Madras Road, from KR Pura police station to Kolathur Junction. This ambitious endeavor aims to alleviate the ongoing traffic congestion issues faced along the route, especially during peak hours.

Enabling high-speed travel at **120 Km**
per hour over a distance of **258 Km**

Allocated amount for construction **Rs. 18,000 Cr**

3. Revolutionary Pune-Bengaluru Expressway

The proposed 700-kilometre greenfield, access-controlled expressway will transform connectivity between Pune and Bengaluru, reducing travel time to just seven hours.

Expected to slash travel time between Pune and Bengaluru from

12 Hours to 7 Hours

Proposed greenfield expressway spanning around

700 Km

When the Narendra Modi govt was formed in 2014, Karnataka had just 6,707km of national highways and now it has increased to 8,200km.

Karnataka national highways now increased to

8,200 Km

4. Construction of Flyover at Katamanallur, NH-75:

A flyover is being constructed on the right-hand side at Katamanallur, CH. 71+885 (KA-02-290), as part of road safety efforts to fix blackspots along NH-75's Bangalore - Hoskote - Mulbagal Section. Once finished, the flyover will improve traffic flow from Bengaluru to Tirupati and offer better access for local traffic in areas like Whitefield and Budigere. It will also reduce accidents caused by wrong-direction traffic, enhancing overall safety for travelers.

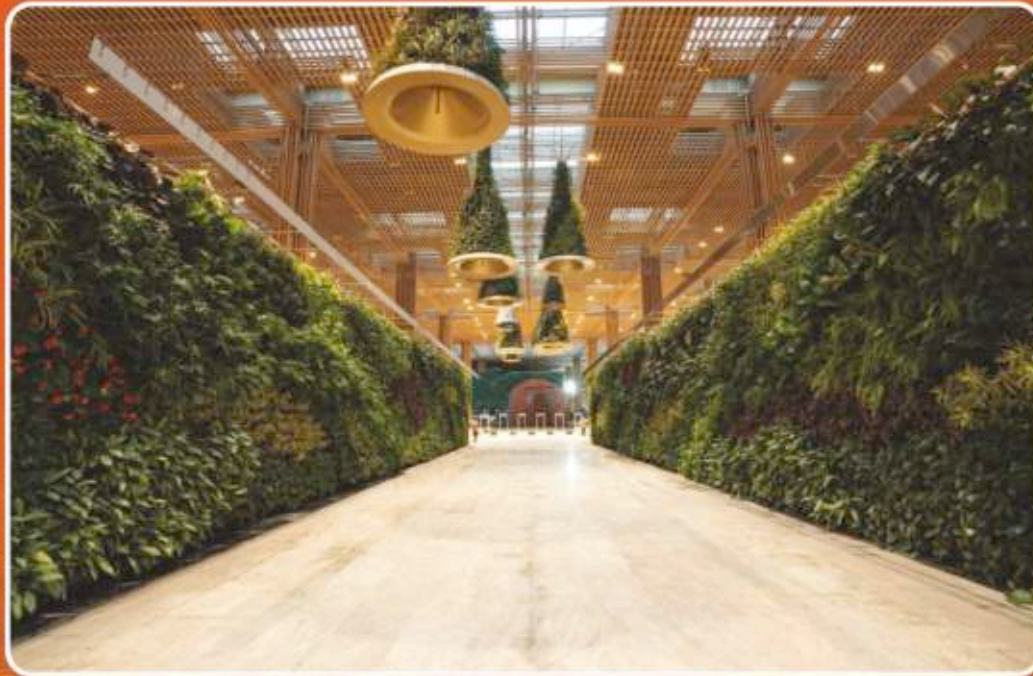

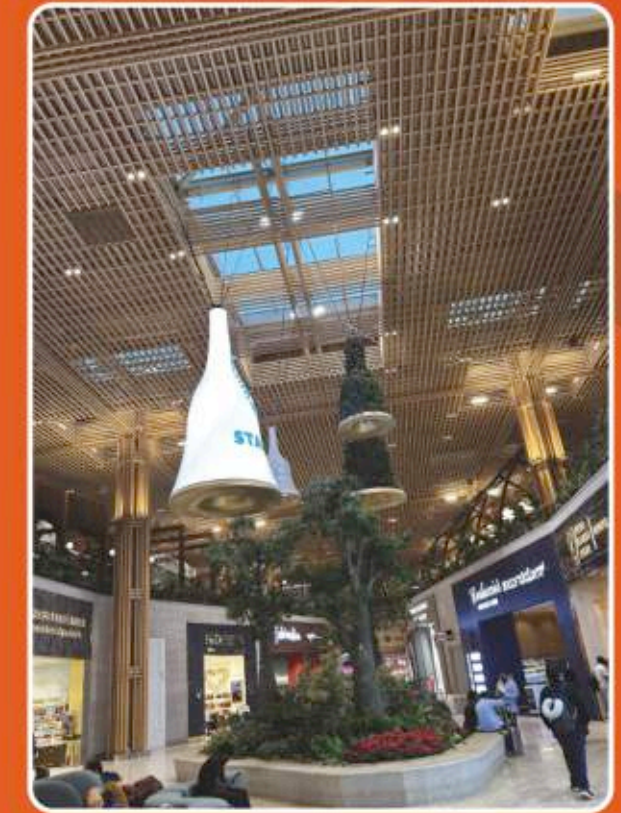

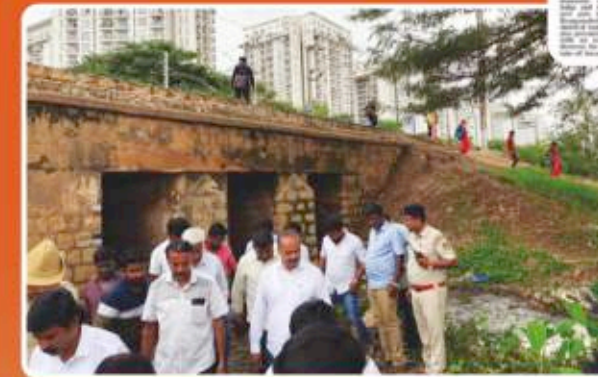

8 / *World Class Airport Terminal*

Investing ₹ 13,000 crore in Terminal-2 at Bangalore International Airport, bolstering air connectivity and infrastructure. T2, renowned as one of the world's most stunning airports, clinched a special prize at UNESCO's 2023 Prix Versailles.

Investment amount for Terminal-2
at Bangalore International

Rs. 13,000 Cr

Advocacy and action for a progressive Bengaluru

1. Carmelaram Level-Crossing Transformation:

In response to the congestion caused by the narrow road at Carmelaram level-crossing due to rapid urbanisation, my MPLAD funds were committed for a solution. The crossing's width was increased from 7.5 to 15 metres, easing traffic flow.

2. Unlocking defence land for Bengaluru's Progress:

Successfully navigated the complexities of unlocking defense land for vital infrastructure projects in Bengaluru. With principal clearance from the Defence Minister, an exchange of 55,819 sq metres of land valued at 282.09 Cr is taking place, propelling the city's development.

3. Expanding Access to KIA:

Championing enhanced transportation, advocating for the improvement of connectivity to KIA through the Mylanahalli-Bagalur-Hennur route. Our persistent efforts resulted in the approval of a second entrance, efficiently connecting southern, eastern, and southeastern regions.

4. Reviving the Hennur Flyover:

Responding to concerns raised by Resident Welfare Associations, intervened to revitalise the stalled Hennur Flyover project. Brought the matter to the attention of the Bangalore Development Minister, fast-tracking the completion of the flyover.

5. NIA and the US Consulate in Bengaluru:

The Modi government's establishment of the NIA in Bengaluru marks a significant milestone, with plans underway for the imminent inauguration of a US Consulate.

Bengaluru Smart City

Pioneering Urban Transformation

Population:
Over 12 million

Challenges:
Rapid urbanisation

Focus: Redevelopment of old city areas,
implementation of smart governance systems

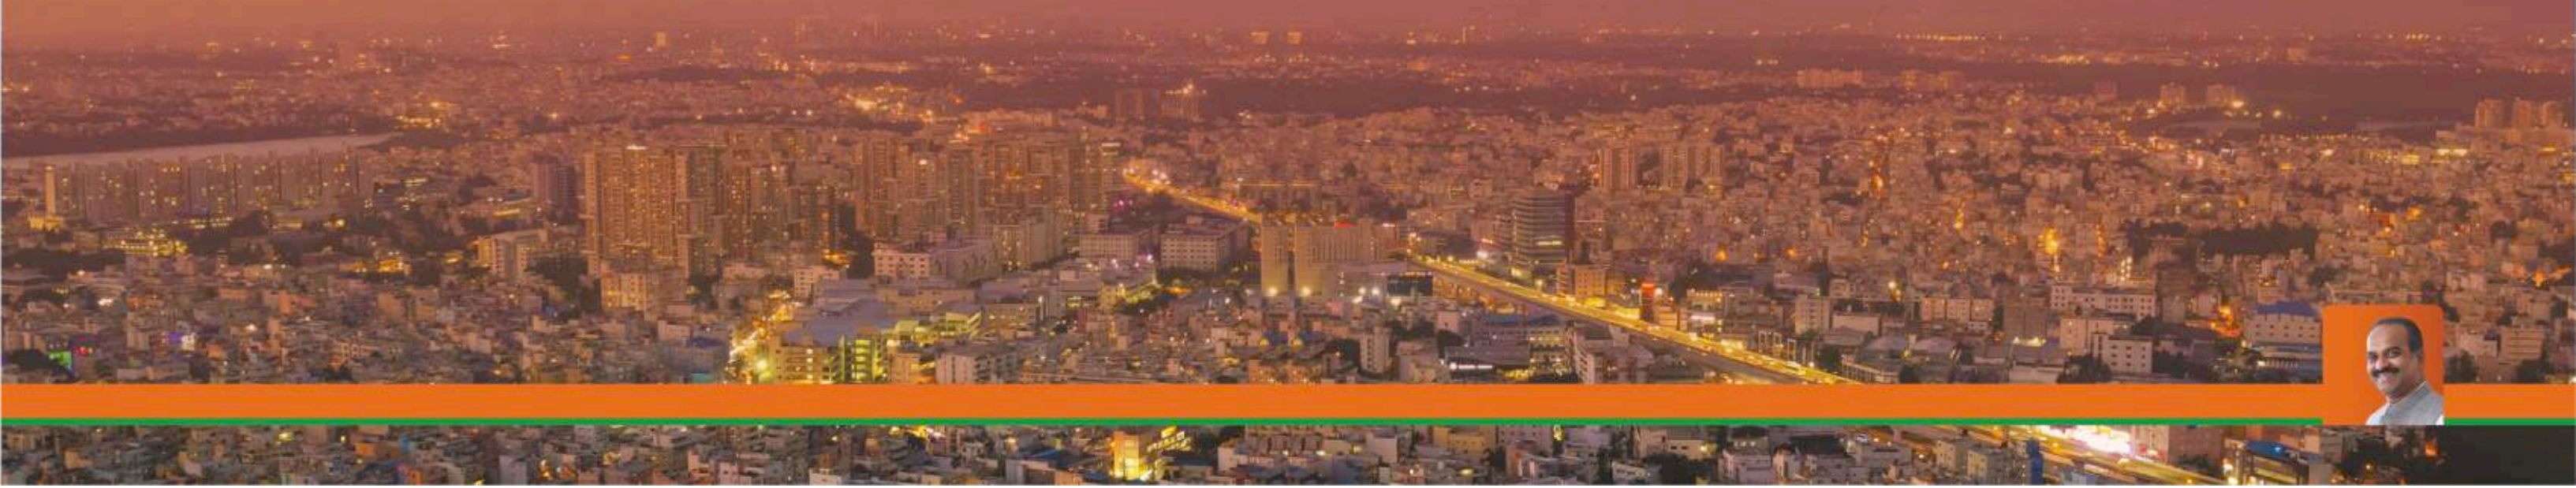

Smart Cities Mission:
Initiated by Modi
government

Objective: Develop
100 smart cities

Goals: Improved infrastructure,
higher quality of life

Role: Secured Bengaluru's inclusion
in second list of smart cities

Fund: ₹1000 crore

Pioneering Urban Transformation

1. Smart TenderSure Roads:

Designed for safety and comfort.

Features include wide sidewalks, segregated/shared bicycle tracks, and uniform travel lane width with on-street parking bays.

Integration of public transport and provision of utilities under the sidewalk.

Green buffers and landscape provisions along the carriage way.

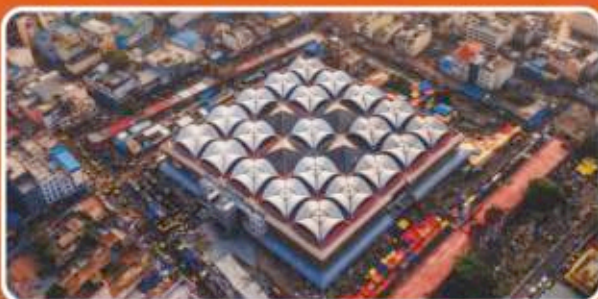

2. KR Market Redevelopment Project:

Revamping the historic market with modern amenities.

Universal-friendly building, ample parking, lifts, toilet blocks, and organised vending plazas.

3. Integrated Mobility Hub and Junction Improvement at K R Market:

Enhancing connectivity and vibrancy with public toilets, play areas, and refuge areas.

Modernization of subways and bus stands for improved accessibility.

4. Jawaharlal Nehru Planetarium under the Green Building Concept:

Developing a green-certified annex building with advanced facilities.

Includes auditoriums, observatory telescope, and parking for 60 cars.

5. Shivaji Nagar Bus Terminal Development:

Improving the terminal with pedestrian safety measures, waiting lounge, and sanitised toilets.

Universal-friendly building, ample parking, lifts, toilet blocks, and organised vending plazas.

6. Mini Auditorium at Women and Child Welfare Department:

Constructed to cater to special needs, with a seating capacity of 600.

Equipped with acoustic panelling, stage curtains, and lighting equipment.

Pioneering Urban Transformation

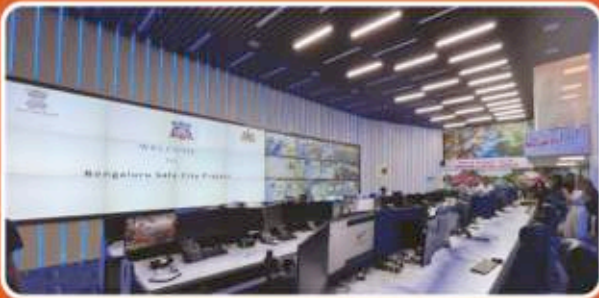

7. Cubbon Park Development - Phase A & B:

Upgrading footpaths, rejuvenating water bodies, and creating jogging and cycling tracks.

Project also includes landscaping and rainwater conservation efforts.

8. Safe City Command Center (Nirbhaya Fund):

Established a Safe City Command Center at Bengaluru's Police Commissioner's Office under the Modi Govt's Nirbhaya Grant for enhanced safety measures with Rs 668 crore.

9. Child-Friendly Day Care Centre:

Providing safe and sanitised spaces for children.
Equipped with kid-friendly furniture and play toys.

10. Medical Equipment for Government Hospitals:

Procuring essential medical equipment to improve healthcare infrastructure.

Ensuring prompt diagnostics and treatments at government hospitals.

11. Project Rashmi - Women's Space at Workplace:

Creating safe spaces for women with essential amenities.

Initiatives implemented across various government offices.

12. Bengaluru Smart City's Cycle Track Development:

Bengaluru Smart City Limited (BSCL) has commenced the development of 35 kilometers of roads within the Central Business District, integrating cycling tracks and smart footpaths for sustainable mobility. With a focus on non-motorized transit, a 35-kilometer cycle track between Silk Board and Lowry Junction is set to alleviate congestion and promote a cleaner urban environment, showcasing BSCL's commitment to enhancing Bengaluru's urban landscape.

Transformation of HAL

HAL has transformed into a formidable 1.35 lakh crore company under PM Modi's leadership. The fact that its share prices have multiplied by five times since 2013 stands as a testament to its remarkable growth. In addition to expanding its global footprint—such as the recent opening of a regional marketing office in Malaysia—HAL is also in the process of setting up a business division to boost exports. HAL registered highest-ever revenue from operations of about Rs. 26,500 crore for the financial year 2022-23 and HAL's order book stood at around Rs. 82,000 crore at the end of March 2023.

The transformation of HAL, which is known as the backbone of the Indian Air Force, is part of a broader plan — PM Modi government's resolute push towards Aatmanirbharta in defence.
